New Year's Resolution Ideas to Inspire You in 2026

Making resolutions is one of the most popular New Year's Traditions, and yet year after year, people admittedly fail to keep up with those well-intentioned commitments. In fact, research suggests that only 9% of Americans who make resolutions complete them.

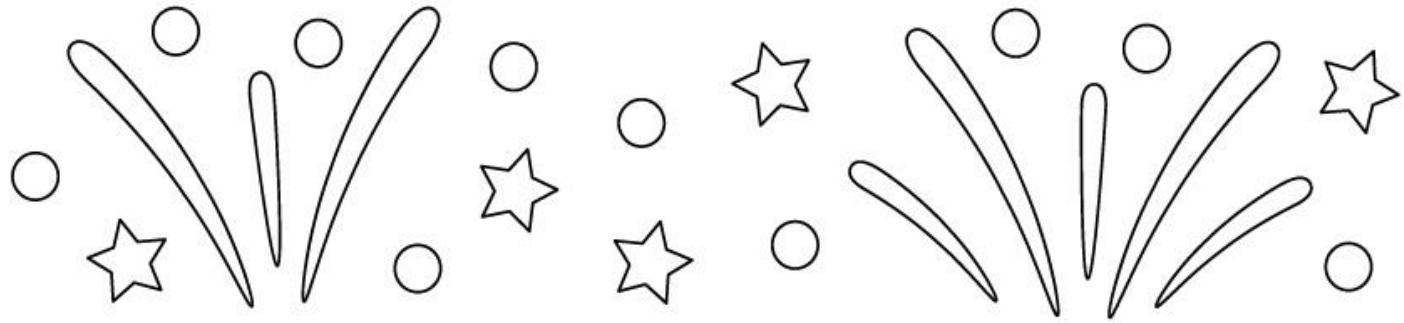

If that struggle sounds all too familiar, keep in mind that it's never too late to turn over a new leaf—and New Year's Day 2026 is as good a time as any!

Go beyond typical resolutions like hitting the gym and consider more outside-the-box ideas like learning how to invest your money, volunteering your time to charity, or trying a new hobby. No matter which route you choose, there are so many ways to create a happier and healthier life in the new year.

The only question is, how will you pick just one?

New Year's resolutions:

- Learn a new language
- Start or join a book club
- Quit one habit (nail biting, smoking, etc.)
- Double the time you spend outside
- Take a full day off from social media once a month
- Move more, sit less. Start going on daily walks, bike rides, or running

Emergency Preparedness

Here in California we are no strangers to the chance of wildfires. There are many fire safety tips posted online by CAL FIRE at fire.ca.gov.

One of the best things you can do is make a plan, make an emergency kit and keep informed. Don't know what to put in your kit? Everyone has different needs, but some good things to remember are important documents, prescription medications, eyeglasses, and special items for infants and pets, along with three days worth of food and water.

Don't forget to check batteries and test your smoke detector!
